## SUMMARY

I leverage my background in computer engineering to create innovative solutions that enhance communication processes and improve customer experience. By combining my technical expertise with strong analytical and problem-solving skills, I aim to optimize workflows, drive efficiency, and contribute to innovative projects. I am passionate about continuous learning, open to new technologies, and eager to collaborate with professionals from diverse disciplines to deliver impactful results.

## WORK EXPERIENCE

### Software Engineer, Kompas Europe

**Jun 2025 - Jul 2025** I worked on improving the existing system at Kompas Europe by

- developing Python-based solutions for reporting, data calculation, and process automation.

### Project Management Intern, SCA Social

**May 2025 - Jun 2025**

- As part of PMI-aligned project lifecycle training, gained hands-on experience with both Agile and Waterfall methodologies. Task and process management was carried out using Jira and Trello. Stakeholder analysis, risk assessment, Work Breakdown Structure (WBS), and Gantt chart preparation were conducted. Additionally, decision support applications were developed through data analysis in AI and data science projects.

### Computer Engineer Intern, TAV Technologies

**Oct 2024 - Dec 2024**

- During the internship, VLAN configurations were implemented to integrate IP phones into the network, ensuring traffic segregation and service quality through QoS rules. Power and connectivity were provided via PoE-enabled switches. Additionally, a script was developed to automate network device configuration by checking switch ports and assigning the appropriate VLANs to IP phones.

## EDUCATION

Pamukkale University, Computer Engineering

Aug 2020 - Jan 2025

## ADDITIONAL INFORMATION

- **Technical Skills:** Python, React/TypeScript, HTML&CSS&JavaScript, UI/UX, SQL, RESTful APIs, Node.js, MongoDB, E-Flow, Agile & Scrum.
- **Certifications:** Java Spring Boot TUBITAK, AI Summer Training Camp, Project Management SCA Social.
- **Projects:** Virtual Assistant, Friendship app, Emotion State Definition, Blog Site.
- **Languages:** Turkish (Native), English (Professional Working Proficiency)
